

TurtleTub™

# TurtleTub™ Extender

## The TurtleTub Option for the Bigger Babies

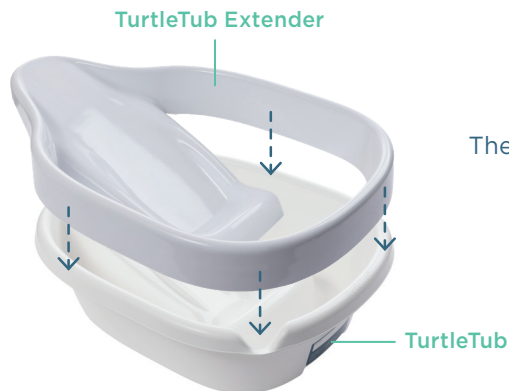

Immersion swaddle bathing keeps babies warmer and happier than traditional bathing methods. Now with the TurtleTub Extender, older, larger babies can enjoy the benefits of swaddle bathing.

The Extender rests on the TurtleTub.

The Extender on the TurtleTub increases the length and depth of the tub to accommodate babies up to approximately 1-year of age.

The TurtleTub large disposable liner must be used with the Extender. The liner minimizes cross-contamination between infants, and it seals the seam to prevent leaks.

## TurtleTub™ Makes Swaddle Bathing Easy
